

SoundStation 2

Step 1: Plug one end of the power cord (the thicker, round cord) into the power source jack marked with a triangle and plug the other end of the power cord into the jack under the back leg.

Step 2: Plug the phone cord into the power source jack marked with a rectangle and then plug the other end into the phone jack in the wall.

Step: 3: Plug the power source into the wall. You are all set!
